

# Boum stool

# Boum stool

design Monica Graffeo e Ruggero Magrini

Colour samples are only indicative and not binding.

Swivel stool adjustable in height by means of a gas piston. The base is in satin-finish chrome steel while the body is in polypropylene. The upper part of the seat is covered with soft material supplied in two versions: fabric coated with stain-resistant Teflon and with resin on the reverse side to prevent the absorption of liquids, or in semi-matt polyurethane coated fabric that is very easy to clean. The stool is fitted with a handle covered with the same soft fabric of the upper part of the seat and with a button below the seat that regulates the gas-operated mechanism.

### Metal finish:

 Satin-finish chrome steel

### Teflon-coated fabric finish:

 PE31/grigio

 PE32/blu

 PE33/nero

### Polyurethane-coated fabric finish:

 PU10/celeste

 PU11/lilla

 PU12/verde

 PU13/avorio

 PU14/grigio

 PU15/arancio
