ABOUT INNERSPACE

We want to increase people's happiness and improve their health and wellbeing in the workplace.

We add value to businesses and organisations by removing the barriers to innovation, allowing people to collaborate, share ideas, feel good and focus on being productive.

Working one-on-one with our customers and partners, there is a tailor-made nature to the recommendations we make to help create a successful workspace, specifically suited to meet each of their unique needs.

We explore options and offer advice on product suitability, producing a perfect mix of creative and functional qualities. Not only do our products convey a unique design and sophistication but we also customise them to ensure they are entirely compatible with the environment they are delivered into.

Territory
by Innerspace

Territory is a dynamic
sit stand desking solution
for the modern workplace.

Research shows how detrimental sitting for long periods of the day can be for our health. Territory's state-of-the-art technology reduces the health risks associated with prolonged sitting.

Territory is a dynamic sit to stand desking system designed to increase wellness, reduce discomfort and improve circulation.

Territory is smooth and quiet with electronically synchronized legs each with dedicated motors to improve strength and stability.

Possibilities...

It's all in the details
