BLTC

ABOUT INnersPACE

We want to increase people's happiness and improve their health and wellbeing in the workplace.

We add value to businesses and organisations by removing the barriers to innovation, allowing people to collaborate, share ideas, feel good and focus on being productive.

Working one-on-one with our customers and partners, there is a tailor-made nature to the recommendations we make to help create a successful workspace, specifically suited to meet each of their unique needs.

We explore options and offer advice on product suitability, producing a perfect mix of creative and functional qualities. Not only do our products convey a unique design and sophistication but we also customise them to ensure they are entirely compatible with the environment they are delivered into.

BLTC by 31 Degrees

A freestanding media table ideal for short catch ups, instant brainstorm, quick meetings or ad hoc calls and video conferencing. BLTC can fit anywhere in the workplace.

Created in Australia with a vision to produce authentic and long lasting furniture solutions, 31 Degrees emphasises original design combined with ethically and sustainably sourced materials.

31

Sit down on a chair, perch on a stool or lean on the work surface, BLTC is designed to specifically cater towards 2 to 4 people to provide a visual and acoustic division in open spaces.

The screen can also be freestanding or link onto others to create privacy on demand around the BLTC table.

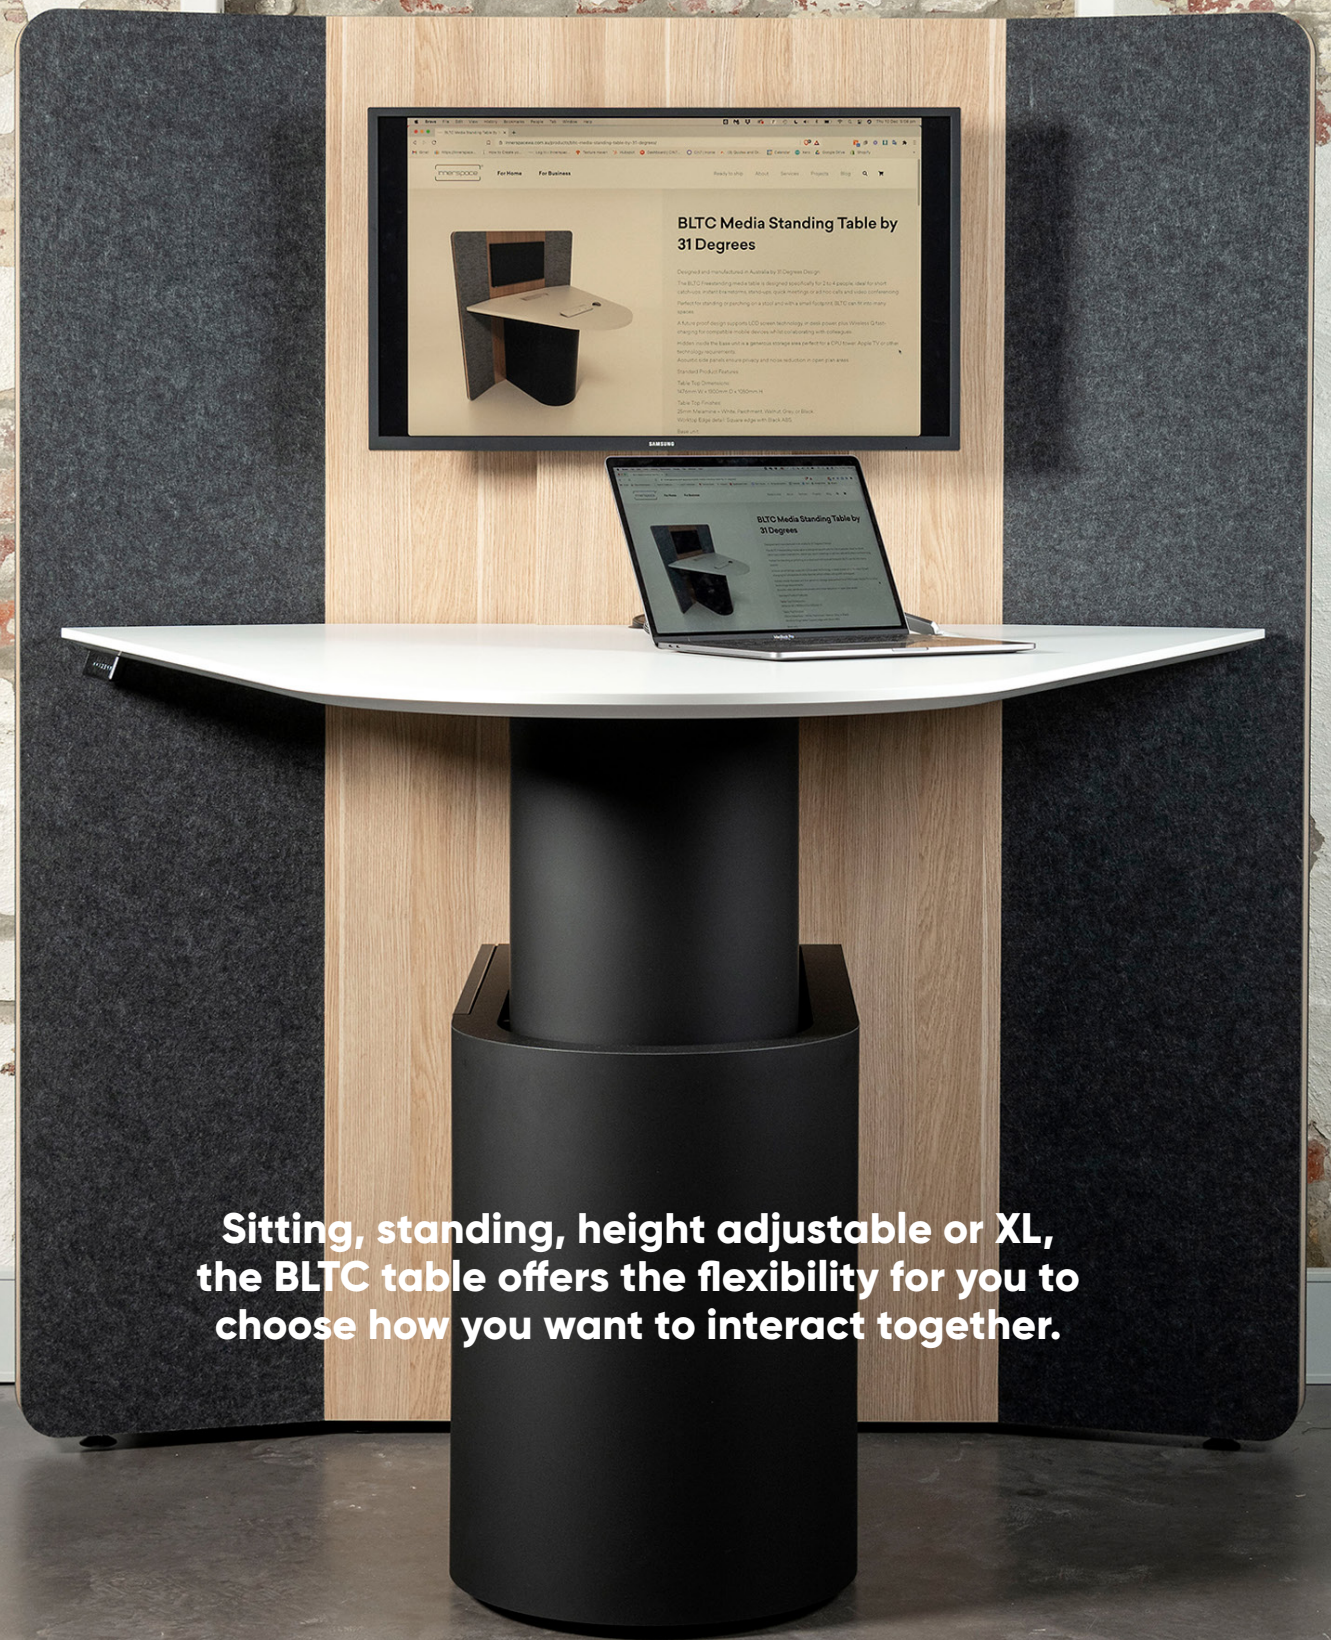

The BLTC family provides the flexibility to suit your preferred media requirements.

A future proof design that supports LCD screen technology, in desk power, plus Wireless Q fast-charging for compatible mobile devices whilst collaborating with colleagues. Hidden inside the base unit is a generous storage area perfect for a CPU tower, Apple TV or other technology requirements.

It's all in the details
