Poly Task Chair

Ergonomics and distinction – The Poly task chair provides a unique looking task chair, perfect for any contemporary working environment – at home or in the office.

Designed in conjunction with renowned design and innovation firm fuseproject, Poly embodies the ethos that good design can improve peoples lives.

Inspired by the geometric elements, the layered triangular patterns and 3D knitting technique displays multiple textures presenting a three dimensional effect.

The V-shaped back frame design of the Poly Task chair provides a very comfortable and ergonomic sitting experience and works in harmony with the moulded foam seat cushion.
