Islet Sofa

Islet is a modular seating system that offers a wide selection of modules, enhanced by two dedicated accessories: a side table and a wooden tray designed to fit between cushions. Modules provide versatility in size and proportion, catering to spacious layouts or more intimate arrangements.

The standout characteristic of this product is its wooden platform, distinguished by bevelled edges, upon which sturdy cylindrical legs are affixed..

Toly

The system can be configured with either an open-end or terminated with an armrest, providing a visual closure.

Designer:
ferriani.sbolgi

Materials :
Solid american oak base. Solid pine internal frame, steel Nozag springs, high-density foam, feather & ball-fiber filling. Back/seat cushions are loose, removable for cleaning.
