

The design of **OWWI** conveys at first glance its simplicity, versatility, formal charge, visual recognition and warmth, are the concepts that define this armchair of great comfort and cosy seating for its enveloping backrest.

The exterior upholstery with its wrinkles, results in the W that forms its name, generating a piece of great quality and sophistication, which combined with its structure that embraces the piece gives it the perfect balance.

#### ACTIU www.actiu.com

Design goes beyond aesthetics: innovation, space and furniture go hand in hand to create environments that are friendlier, more comfortable and more motivating for people: environments that are more dynamic, fresh, creative, ergonomic and functional.

A business philosophy in which design is part of our DNA, as we apply it to every facet of the company: products, architecture, projects, brand, communication, work spaces ...

Model	OWWI · Medium backrest							
Model reference	Individual model-1 pax	Twin model - 2 pax						
Seat and Backrest	Outer foams 3 Inner foam Lumbar foam Outer backrest Seat and backres	al environments (upholstered with inner wadding). OKg extra hard n 30Kg soft 20Kg super soft wadding 200 gr st padding 300 gr nm piping and design with dynamic wrinkles.						
Internal Structure	Backrest frame made of 25mm thick pine wood structures, <b>seat</b> in 25mm section MDF and <b>armrests</b> made of 20mm thick MDF. The frames are joined to each other and to the metal frame by means of M8 screws.							
Structure/Base	Structure made of hot-rolled cylindrical steel tube Ø20mm and e=2 mm. with 90 micron thick epoxy paint coating.							
Supports	Polypropylene (P.P.) black with anti-slip felt.							
Measures	<b>Total Measures:</b> Height: 720 mm Width: 840 mm Depth: 720 mm <b>Seat Measures:</b> Height: 450 mm Width: 520 mm Depth: 565 mm	Total Measures: Height: 720 mm Width: 1435 mm Depth: 720 mm Seat Measures: Height: 450 mm Width: 1120 mm Depth: 555 mm

# Weight and Volume // Ecodesign

OWWI								
MODEL	Packs	Weight	Volume	Materials Recycled materials	Production Aluminium, steel and wood	<b>Transport</b> Package and thinner free	<b>Use</b> To clean and maintain	<b>Disposal</b> Recyclable materials
		КС			<u></u>		Â	۵
	1	11 kg	0,511 m³	High	100%	100%	Very Easy	Alto
	1	21,45 kg	0,973 m³	High	100%	100%	Very Easy	Alto

Materials: Maximum use of materials to eliminate and minimize scraps. Use of recyclable and recycled materials in those components that do not affect the functionality and durability. Production: Maximum optimization of energy use. Minimal environmental impact. Last generation technological systems. Zero discharge of wastewater. No VOC coatings. Processes free of heavy metals, phosphates, OC and COD.

Transport: Detachable systems. Volumes that facilitate the optimization of space. Maximum reduction of energy consumption by transport. Use: Quality and warranty. Long lasting. Replacements available. Disposal: Waste reduction. Supplier-manufacturer packaging reuse system. Components are easy to be separated. Inks in packaging are water-based, without solvents.

## Standards

OWWI has passed tests done in our technical department as well as the tests done in AIDIMME the Technological Institute for furniture.

Standard	Description
UNE-EN 16139:2013vc2015	Furniture. Strength, durability and safety. Requirements for non-domestic seating.

# Certificates

The different programmes get points in different environmental categories to get the LEED certificate or WELL certificate (sustainability, material and resources, water, energy and atmosphere, inner environment quality, innovation and design).
