

GRAU

Flying

Flying is the floating light disk. Maximum flexibility, height-adjustable and extremely bright with 5000 lumens: Flying illuminates the room evenly upwards and downwards with versatile adjustable light.

Whether above the dining table, in the meeting room or as a sculptural light disc on the ceiling, Flying pleasantly illuminates the room. Change the light color and brightness via the GRAU app.

Flying offers a range of clever functions:

- Ultra Slim Light Panel
- Indirect light
- GRAU app
- Height adjustment
- Color Tune

Designed and manufactured at the GRAU Campus in Germany.
